ASSESSMENT

- 1. The thesis is accepted as satisfactory; no corrections or amendments are required.
- 2. Provided the changes referred to by the Examiners are made to the satisfaction of the Thesis Supervisor, the thesis is accepted as satisfactory. (The candidate has up to the end of the following term to make the changes)
- 3. The thesis is not acceptable in its present form. The candidate is allowed to revise and resubmit the thesis, which will then be re-examined. The candidate has 12 months to revise and resubmit.
- 4. The thesis is rejected. The student is not permitted to resubmit the thesis, even in a revised form.

Is this thesis recommended for nomination for the Outstanding Graduate Student Award? Yes No
If Yes, the supervisor must complete the separate nomination process.

Does the thesis involve research on human or animal subjects? Yes No
If Yes, verify approval or waiver form from the Research Ethics Board / Animal Care Committee.

COMMENTS:
